COVID – 19 RESPONSE

- All patients and visitors must check in at front desk.
- For those that require the assistance of a visitor, only one adult per patient is allowed for all areas of the center.
- Visitors (not patients) with respiratory symptoms such as a runny nose, fever or cough, will not be permitted to visit the center if symptoms are present.
- Visitors who have traveled internationally or out-of-state, per Governor Hogan's announcement, may not visit for 14 days.
- No one under age 18 (except if parent of a patient) is permitted to visit the center, including waiting areas and common spaces.
